10 Plaintiff,

11 v.

12 Abdul Malik Abdul Kareem,

13 Defendant.
14

No. CR-15-00707-001-PHX-SRB

ORDER

15 Defendant filed his first Motion for New Trial based on Prosecutorial Misconduct
16 on March 31, 2016 (Doc. 303). He filed a Supplement to that Motion on November 9,
17 2016 (Doc. 432) and a later Reply in support of his Motion (Doc. 452). The Motion was
18 denied on January 23, 2017. A Judgment of Conviction was entered on February 9, 2017
19 (Doc. 481). Defendant filed his Notice of Appeal on February 21, 2017 (Doc. 492).

20 Defendant filed his second Motion for New Trial based on Newly Discovered
21 Evidence on June 11, 2018 (Doc. 505) and an Addendum to that Motion on April 26, 2019
22 (Doc. 541). He later filed a brief in Reply (Doc. 559). On August 8, 2019 Defendant filed
23 a Motion to Dismiss the Indictment for Brady violations (Doc. 565). An evidentiary hearing
24 was held on these motions on October 15 and 16, 2019 with arguments on October 17,
25 2019. The Court issued its Order indicating its intent to deny the Motion to Dismiss and
26 to grant in part and deny in part the Motion for New Trial on December 23, 2019 (Doc.
27 640). Defendant's appeal has been stayed based on the pendency of the second Motion for
28 New Trial.

1 Defendant has now filed his third Motion for New Trial (Doc. 647). It is based on
2 arguments made in a stricken filing entitled Supplement to Motion to Dismiss and for a
3 New Trial lodged on December 3, 2019 (Doc. 629). The Government has filed a Motion
4 to Strike (Doc. 650) which is now fully briefed.

5 The Government argues that the third Motion for New Trial is an untimely motion
6 to reconsider the Court's Order striking the Supplement to Motion to Dismiss and for a
7 New Trial and to reconsider the Court's Order giving its indicative ruling and the Court's
8 Orders before and during the evidentiary hearing. Defendant has responded in opposition
9 and the Government has filed a Reply. The Court agrees with the Government and will
10 grant the Motion to Strike and not consider the third Motion for New Trial.

11 Defendant's third Motion for New Trial is focused on FBI reports of spot
12 surveillance of Elton Simpson on March 10 and 11, April 1,3,11, 26, and 27, 2015 and
13 approximately 24 hours of continuous surveillance of Simpson on April 24 and 25, 2015
14 in connection with the Pat Tillman Run. Defendant also references some FBI internal
15 communications about Simpson on April 30 and May 2, 2015. All of these items were the
16 subject of testimony during the evidentiary hearing and the documents and photos related
17 to the surveillance of Simpson were admitted in evidence at the October, 2019 evidentiary
18 hearing. None of them individually or collectively would warrant a new trial as they have
19 no significance for Defendant.¹

20 Defendant's third Motion for New Trial is nothing more than a request that the Court
21 reconsider earlier rulings. As a Motion for Reconsideration it is untimely. Even if it were
22 timely, the motion does not provide any basis for the Court to find its earlier rulings
23 manifestly erroneous or disclose new facts or legal authority not previously considered by
24 the Court. *See*, LRCiv 7.2(g), incorporated by LRCrim 12.1.

25 Defendant was convicted and appealed more than three years ago. His appeal has
26

27 ¹ If there is any arguable significance it would be to Count Two only and the Court
28 has already indicated that it would grant a new trial on Count Two.

1 been stayed without briefing. This Court has made its indicative ruling on Defendant's
2 second Motion for New Trial and Motion to Dismiss. In the Court's view, either the appeal
3 should now proceed or the parties should seek a remand based on this Court's indicative
4 ruling.

5 IT IS ORDERED granting the Government's Motion to Strike. (Doc. 650)

6 IT IS FURTHER ORDERED striking Defendant's Third Supplement to Motion for
7 New Trial. (Doc. 647)
